

Enatai Elementary Scientists:
The Science Fair is scheduled for
Wednesday, March 10th.

Reserve your spot in the fair by turning your sign-up form in by Friday, February 26th.
Join the other Enatai Scientists for a fun evening in our lab.

- **All K-5 students are encouraged to participate.**
- **Students are welcome to work together on projects.**
- **Space is limited. No late entries will be accepted. Deadline to reserve your space is Friday, February 26th.**
- **A scientific investigation process is required. Once you have returned your "Save My Space" form below, a packet will come home that outlines the scientific method and will help you with your investigation.**

If you want to take a look before deciding, check out these websites or search further online. Simple experiments work great.

<http://www.rossarts.org/naples/ideas.htm> <http://www.scifair.org/dr.shawnsideabank.html>

- **Included in the packet you will receive are resources to help you choose a project. Additionally, we will have teachers available during recess time to help students find an experiment that is right for them.**
- **The projects will be displayed in the gym at an open house from 6:00 to 7:15 P.M.**

Please return the bottom portion of this form to school ASAP . Students can turn it in to their teachers or front office. Once we receive your request, we will give you a participation packet. Looking forward to seeing you at the Science Fair 2010!
